

Senior Camp has been part of CSMS/CSA for the past five years. Miss Pam, our kindergarten/ elementary, science & computer teacher, offers a fun and enriching experience for your child. It is open to children who have completed Kindergarten or the Lower Elementary grades.

“Summer is the perfect time for students of all ages to relax, but it’s also a time when summer learning loss can occur. This learning loss is called the “summer slide,” and happens when children do not engage in educational activities during the summer months.” -Via US Dept. of Education

“All young people experience learning losses when they do not engage in educational activities during the summer. Research spanning 100 years shows that students typically score lower on standardized tests at the end of summer vacation than they do on the same tests at the beginning of the summer (White, 1906; Heyns, 1978; Entwisle& Alexander 1992; Cooper, 1996; Downey et al, 2004).”

Our program includes the following activities:

- **The Montessori Classroom (review and new lessons)**
- **Lego Robotics at no extra charge**
- **Swimming and Swim Lessons by certified lifeguards**
- **Science (kits, experiments, lessons)**
- **Gym with Coach Nick or Coach Lisa**
- **Cooking**
- **Gardening**
- **Computers and Computer Education**
- **Music with Miss Nina**
- **Arts and Crafts**

Every week is different and exciting.

We have found that the children who learn all summer retain knowledge and are academically accelerated in September.
