

At the Centre Square Montessori Schoolhouse we realize that in this world of ever-increasing academic demands, our students deserve a summer that provides them the priceless summer memories, as well as, the opportunity to maintain their hard earned academic accomplishments made throughout the school year. Nursery and PreKindergarten Campers enjoy:

- Themed activities every week
- Montessori classroom work every day
- Swimming and swim lessons at no extra charge
- Gym with Coach Nick or Coach Lisa
- Music with Miss Nina
- Arts and Crafts
- Science with Ms. Pam
- Fun on our amazing playground
- Aftercare until 6:00pm

In order to avoid the “summer learning loss,” it is imperative that children maintain their reading development and application of math skills. It is also important that students continue learning about the world around them through science, the senses, and cultural exploration.
